Discussion Points:

- The meeting started with a review of the work status, where students discussed which tasks were pending and which were completed.
- Detailed discussion was held on the Super Admin Dashboard:
- Sir instructed us to create the Super Admin Dashboard and include functionalities such as:
 - Total hospital count displayed in top cards.
 - Sub-hospital count in a card.
 - Users count in a card.
- In the main body of the Super Admin Dashboard, a graph should give an overview of hospitals, sub-hospitals, and users.
- Sir explained how the prescription page should look and function.
- Sir explained changes required in the existing OPD Dashboard:
- The graph should show existing patients and new patients according to specific hospitals.
- The existing OPD dashboard graph should be changed to a line graph showing weekly, monthly, and yearly appointment counts.

Decisions Taken:

- Proceed with creating the Super Admin Dashboard.
- Make changes to the existing OPD Dashboard to show existing and new patients in the graph.
